

Office of the Coordinator TEQIP-III
National Institute of Technology Srinagar

No.: NIT/TEQIP/20/194

Dated: 09/03/2020

NOTICE

Under the Technical Education Quality Improvement Program Phase-III (TEQIP-III) scheme of MHRD, Operation Digital Board (ODB) is a very important initiative. It is clear that simply providing the equipment to the institutions will not be effective since the high-end smart boards may end up being used as conventional white/black board. Hence, in order to bring transformation in the teaching learning process of the institutes, proper digital pedagogy training of the faculties is required. The course "*Digital Transformation in Teaching Learning Process*" aims to address this through a range of content videos supported by focussed activities.

In this connection, all faculty members who have not yet registered for the course "*Digital Transformation in Teaching Learning Process*" are requested to enrol yourself on SWAYAM Portal. This Course is on the use of Digital boards (Samsung flip2) which have been installed in Lecture Halls. The start date of the course is 16-03-2020. Kindly go through this link for more details.
